

RLMC Students Secure Runner-Up Position in Clinical Poster Competition

Rashid Latif Medical College (RLMC), Research Cell, is pleased to highlight the achievement of its students at the **Rehman Medical College Research Conference**, where their case report **“Acquired Hemophagocytic Lymphohistiocytosis Associated With Human Herpes Virus-6”** secured the **runner-up position in the Clinical Category of the Poster Competition**.

The achievement reflects the students' commitment to **clinical research, case-based learning, and scientific presentation**. The case report focused on a significant and relatively uncommon clinical condition, contributing to greater awareness and academic discussion in this area.

Participation in the conference provided RLMC students with valuable exposure to a competitive research environment and opportunities to engage with fellow researchers and medical professionals.

The **Research Cell, RLMC** congratulates the students on this accomplishment and encourages continued participation in **research conferences, case-report competitions, and other academic platforms**.
