

RLMC Faculty Serves as Research Project Director at Community Health Camp

The **Research Cell, Rashid Latif Medical College (RLMC)** congratulates **Dr. Ayesha Mazhar Khan** on serving as the **Research Project Director** for a medical camp dedicated to **hepatitis screening and blood donation**, organized in collaboration with the **Sundas Foundation** under the banner of the **Volunteer Force Against Hepatitis Transmission (VFAHT)**.

The community outreach initiative aimed to promote hepatitis awareness, facilitate early screening, encourage voluntary blood donation, and strengthen public health engagement through collaborative efforts. Dr. Ayesha Mazhar Khan played a key role in planning and coordinating the research component of the event, contributing to its successful execution.

The Research Cell appreciates Dr. Ayesha Mazhar Khan's commitment to research-driven community service and public health initiatives. Such contributions reflect RLMC's dedication to promoting academic excellence, research leadership, and meaningful community engagement.
