

RISCON 2026

Ms. **Gule Haram**, a 4th Year MBBS student of Rashid Latif Medical College (RLMC), participated in **RISCON 2026**, held on **16 September 2026** at the **University College of Medicine & Dentistry (UCMD), The University of Lahore**.

The participation provided an opportunity for the student to engage in an academic and research-oriented environment beyond the institutional setting and to interact with students, researchers, faculty members, and other participants involved in scholarly activities.

Her participation provided valuable exposure to the **academic and research environment**, while encouraging scientific interaction, research engagement, and professional development.

RLMC proudly supports and encourages its students to actively participate in research, academic conferences, and scholarly activities.

RLMC encourages students to participate in academic conferences and research activities as part of its commitment to developing a **research-oriented culture, evidence-based learning, and professional development** among undergraduate medical students.
