

Research Exchange Leadership and Academic Publication

A term of service concluded with meaningful contributions to student research, academic engagement, and international opportunities.

During the **2024–25 term**, a student representative from **Rashid Latif Medical College (RLMC)** served as **Local Officer for Research Exchange** at the **Medical Students' Association of Pakistan (MSA-Pakistan)**, **RLMC Local Council**. The role focused on promoting research awareness, academic opportunities, and international exposure among medical students.

Key Initiatives

- **Seminar on International Medical Licensing Pathways:**

Organized an informative session covering **PLAB, USMLE, and AMC**, helping students understand international licensing routes and plan their future careers more effectively.

- **Webinar on International Conferences and Academic Publishing:**

Conducted a webinar focused on identifying and targeting international conferences, developing academic profiles, and understanding the pathway from research to publication.

The tenure involved continuous student engagement, coordination, and efforts to make research and international academic opportunities more accessible to medical students.
