Session Notes

Minutes of the previous meeting were approved.

Review of actions taken based on decisions of last meeting.

- The Department of Community & Preventive Dentistry planned a community visit for 2nd Year BDS students to the Khafalat Ghar, Gaju Matta on 7th June 2026.
- The visit was organized as part of the students' community-based learning and field exposure.
- The learning objectives included understanding community oral health needs, oral health education, and preventive oral healthcare practices.
- It was decided that House Officers would accompany the students for supervision and facilitation during the visit.
- The Department of Community & Preventive Dentistry was responsible for planning, coordination, and conduct of the community visit.
- It was decided that the activity would be conducted under the supervision of faculty members of the Department of Community & Preventive Dentistry.
- Students would be encouraged to actively participate in the visit and relate their field experience to the learning outcomes of Community Dentistry.

Conclusion Items

Desired Result	Responsible
The community visit was successfully conducted at Khafalat Ghar ,Orphanage on 7th June 2025. 2nd Year BDS students participated in the visit under faculty supervision. Oral health education and preventive care were emphasized during the activity.	Department Of Community Dentistry
